OVER 800 PRODUCTS READY FOR YOUR BUSINESS

For over 30 years, Stinger® Chemical has been a leader in manufacturing and supplying a complete line of automotive and aftermarket chemicals, including reconditioning products, car wash chemistry, automotive chemicals, and equipment.

Based in Houston, Texas—known as the Chemical Capital of the World—our 11-acre campus and state-of-the-art production facility provide direct access to top raw material suppliers and one of the nation's largest ports. This ensures the highest quality products and a reliable supply chain for our customers.

Stinger Chemical's Car Wash Division offers everything you need to keep your business running smoothly, from car wash planning and design to equipment, chemistry, marketing, and service. Our team of experts is here to help you reduce costs, increase revenue, and enhance customer satisfaction. Expect clean, glossy, and dry perfection—every car, every time.

Explore our latest product catalog to discover the full range of solutions we provide for the car wash industry.

WHAT'S NEW

To better facilitate your search for a specific product, we have added key symbols for items with fragrances, and foam color. Use the key chart below to identify the symbols next to the product descriptions.

We categorize the products that work better on each car wash type.

KEY SYMBOLS

SS - SELF-SERVE

STRENGTH METER

STRENGTH: 1-5

We've included a guide to help you determine the strength of various chemicals, ensuring you select the best option for your needs.

For example:
1 represents a lighter product.
3 indicates a moderately strong chemical.
5 signifies the strongest option.

This scale allows you to compare products easily and choose the right level of strength for your application.

smart™ concentrates

Smart Concentrates™ Storage System

The Smart Concentrates™ storage system is one of the most convenient and efficient concentrate storage and dispensing solutions on the market today. When paired with Smart Concentrates™, this system delivers a safe, powerful, and cost-effective solution that ensures consistent and exceptional results in your car wash.

Built with the “keep it simple, keep it safe” philosophy, Smart Concentrates™ offer flexibility, reliability, ease of use, and safety. Don’t let your chemical performance suffer—be smart with Smart products!

25001 SMART LOW pH PRESOAK

Provides excellent cleaning action with abundant low pH foam. Works effectively as a tunnel wrap lubricant and enhances the shine on any vehicle. Best used as a Low pH Presoak. For optimal results, apply through V-jets, K-sticks, or foam tubes in tunnels.

Smart Concentrates™ Storage System Key Benefits:

- **Low Cost Per Car:** Achieve more cost-effective results with each wash.
- **Simple Installation:** Quick setup, making it easy to implement into your car wash.
- **Easy Reload:** Easily replenish product levels with minimal downtime.
- **Total Drain Design:** Maximizes product use with no waste, ensuring efficiency.
- **Easy Product-Level Monitoring:** Track product levels at a glance for smooth operation.
- **Less Floor and Storage Space:** Compact design saves valuable space in your facility.
- **Easy Disposal of Empty Containers:** Dispose of containers effortlessly, reducing waste.
- **Easy Inventory Management:** Keep your inventory organized and easy to manage.
- **No Need to Overstock Inventory:** Stock only what's necessary, preventing excess inventory.
